

Dear Frank and Deborah.

I want to thank you very much for your hospitality. You made my stay here one of the most enjoyable that I have ever had at a motel. Your accommodations are exceptional and you make people feel at home which is very nice when your as far away from home as I am.

I left a little something to show my appreciation. They will probably be used more by Deborah than Frank. I don't know if you fish or not Frank, but if you do you will find the fillet knife very usefull.

I hope you have a very prosperous and enjoyable summer. Take care and I will see you in the fall.

Sincerely
Keith
